CITY OF STEINBACH

CONSOLIDATED FINANCIAL STATEMENTS

For the Year Ended December 31, 2024

City of Steinbach
225 Reimer Avenue
Steinbach, MB
R5G 2J1

STATEMENT OF RESPONSIBILITY

The accompanying Consolidated Financial Statements are the responsibility of the management of the City of Steinbach and have been prepared in compliance with legislation, and in accordance with generally accepted accounting principles established by the Public Sector Accounting Board of The Chartered Professional Accountants of Canada.

In carrying out its responsibilities, management maintains appropriate systems of internal and administrative controls designed to provide reasonable assurance that transactions are executed in accordance with proper authorization, that assets are properly accounted for and safeguarded, and that financial information produced is relevant and reliable.

Reid & Miller Chartered Professional Accountants Inc., as the City's appointed external auditors, have audited the Consolidated Financial Statements. The Auditors' report is addressed to the Mayor and members of Council and appears on the following page. Their opinion is based upon an examination conducted in accordance with Canadian generally accepted auditing standards, performing such tests and other procedures as they consider necessary to obtain reasonable assurance that the Consolidated Financial Statements are free of material misstatement and present fairly the financial position and results of the City in accordance with Canadian public sector accounting standards.

Troy Warkentin, CPA, CMA, CMMA
City Manager

Independent Auditors' Report

To the Mayor and members of Council of the
City of Steinbach

Opinion

We have audited the accompanying consolidated financial statements of City of Steinbach, which comprise the consolidated statement of financial position as at December 31, 2024, and the consolidated statement of operations, cash flows and change in net financial assets for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the City of Steinbach as at December 31, 2024, and the results of its operations and its consolidated cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the consolidated Financial Statements section of our report. We are independent of the City in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the City’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the City or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the City's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of City of Steinbach's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on City of Steinbach's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause City of Steinbach to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes are an integral part of these financial statements

1. STATUS OF THE CITY OF STEINBACH

The incorporated City of Steinbach is a municipal government that was first created as a Town on January 1, 1947 pursuant to The Manitoba Municipal Act. The Municipality continued as a City as of January 1, 1997. The City provides or funds municipal services such as police, fire, public works, urban planning, airport, parks and recreation, library and other general government operations. The City owns one utility, has several designated special purpose reserves and provides funding support for other financial entities involved in economic development, recreation and tourism.

2. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards as recommended by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada and reflect the following significant accounting policies:

a) REPORTING ENTITY

The consolidated financial statements include the assets, liabilities, revenues and expenses of the reporting entity. The reporting entity is comprised of all the funds, agencies, local boards, and committees of the Council which are controlled by the City. Control is defined as the power to govern the financial and reporting policies of another organization with the expected benefits or risk of loss to the City.

The controlled organizations are consolidated after adjusting their accounting policies to a basis consistent with the accounting policies of the City. Inter-fund and inter-company balances and transactions have been eliminated. The controlled organizations include:

Jake Epp Library
Steinbach Community Development Corporation

The taxation with respect to the operations of the school divisions are not reflected in the City surplus of these consolidated financial statements.

Trust funds and their related operations administered by the City are not consolidated in these financial statements.

b) BASIS OF ACCOUNTING

The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon the receipt of goods and services or the creation of an obligation to pay.

c) FINANCIAL INSTRUMENTS

The City classifies its financial instruments as either fair value, cost or amortized cost. The municipal organization's accounting policy for each category is as follows:

Fair value:

This category includes derivatives and equity instruments quoted in an active market. The municipal organization has not designated any of its portfolio investments or borrowings at fair value that would otherwise to classified in the amortized cost category.

Financial instruments in the fair value category are initially recognized at cost and subsequently carried at fair value. Unrealized changes in fair value on unrestricted investments are recognized in the Statement of Remeasurement Gains and Losses until they are realized. When realized they are transferred to the Statement of Operations. Changes in fair value on restricted investments are recognized as unearned revenue until the restriction on its use is realized. At that time, the balance is transferred to the Statement of Operations.

Cost or amortized cost:

This category includes cash and cash equivalents, accounts receivable, portfolio investments, accounts payable and public debt. They are initially recognized at cost and subsequently carried at amortized cost using the effective interest rate method, less any impairment losses on financial assets, except for donated financial assets, which are initially recognized at fair value.

d) CASH AND CASH EQUIVALENTS

Cash equivalents include short-term highly liquid investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of changes in value.

e) PORTFOLIO INVESTMENTS

Portfolio investments are initially recognized at cost and subsequently carried at amortized cost using the effective interest rate method.

f) REAL ESTATE PROPERTIES HELD FOR SALE

Real estate properties held for sale are recorded at the lower of cost and net realizable value. Cost includes the amount of acquisition, legal fees, and improvements to prepare the properties for sale or servicing.

It is reasonably anticipated that real estate properties held for resale will be sold outside the reporting entity within one year of the balance sheet date.

g) LANDFILL CLOSURE AND POST CLOSURE LIABILITIES

The estimated cost to close and maintain solid waste landfill sites are based on estimated future expenses, in current dollars, adjusted for estimated inflation, and are charged to expenses as the landfill capacity is used.

h) NON-FINANCIAL ASSETS

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the change in net financial assets (debt) for the year.

Real estate properties held for sale are classified as non-financial assets if it is anticipated that the sale will not be completed within one year of the reporting date.

Purchased intangible assets are identifiable non-monetary economic resources without physical substance, which are acquired through an arm's length transaction. Purchased intangible assets are recognized in the financial statements when they meet the definition of an asset.

i) TANGIBLE CAPITAL ASSETS

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to the acquisition, construction, development or betterment of the asset. Donated assets are recorded at their estimated fair value upon acquisition. Certain tangible capital assets for which historical cost information is not available have been recorded at current fair market values discounted by a relevant inflation factor. Certain assets are disclosed at a nominal value as the determination of current fair market value was not available. The City does not capitalize internal finance charges as part of the cost of its tangible capital assets.

Amortization is provided using the straight line method using rates intended to amortize the cost of assets over their estimated useful lives.

General Tangible Capital Assets

Land and land improvements	Indefinite
Buildings and leasehold improvements	25 to 40 years
Vehicles and equipment	
Vehicles	5 years
Machinery and equipment	10 to 15 years

Infrastructure Assets

Roads, Streets, and Bridges	
Land	Indefinite
Road surface	20 to 30 years
Road grade	40 Years
Traffic lights and equipment	10 to 30 years
Land	Indefinite
Land improvements	30 to 50 years
Underground networks	30 to 100 years
Machinery & equipment	10 to 50 years
Dams and other surface water structures	40 to 60 years

Certain assets which have historical or cultural value including works of art, historical documents as well as historical and cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of the future benefits associated with such property cannot be made. Intangibles, Crown lands that have not been purchased by the City, forests, water, and other natural resources are not recognized as tangible capital assets.

j) LEASES

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to the ownership or property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

k) REVENUE RECOGNITION

Effective January 1, 2024, the municipality adopted PS 3400 Revenue. PS 3400 addresses how to account for, and report on, revenues. The municipality used prospective application in the adoption of PS 3400, and the accounting standard has not been applied retroactively. Under prospective application, prior periods are not restated, including the opening accumulated surplus. Adjustments are only applied to events and transactions from January 1, 2024 onwards.

Applying PS 3400 prospectively has decreased user fees $361,099 and increased deferred revenue by the same.

Fees and other revenues:

Exchange transactions are transactions with performance obligations. A performance obligation is a promise to provide a distinct goods or services to a payor for consideration. The municipal organization recognizes revenue when the performance obligations are satisfied, and the payor obtains control of the asset or benefits from the service provided.

Non-exchange transactions are transactions or events where there is no direct transfer of good or services to a payor. The municipal organization receives an increase in economic resources for which the payor does not receive any direct goods or services in return. Revenue from non-exchange transactions is recognized when the municipal organization has the authority and identifies a past transaction or event that gives rise to an asset.

Revenue from product sales is recognized when the significant rewards of ownership of the products have passed to the buyer, usually on the delivery products.

Revenue from contracts with customers is recognized at an amount equal to the transaction price allocated to the specific distinct performance obligation when the performance obligation is satisfied. Revenue from contracts with customers is evaluated and separated into distinct performance obligations when there is a distinct good or service to be transferred in the future.

Government transfers:

Transfer payments from other governments include all accruals determined for current year entitlements that have been authorized by December 31, for which any eligibility criteria have been met and that can be reasonably estimated. A liability is recorded to the extent that a transfer gives rise to an obligation that meets the definition of a liability in accordance with the criteria in PS 3200 Liabilities.

Property taxes:

Revenues from property taxes are accrued in the year they are authorized by Council. Property taxes are recorded net of tax concessions and other adjustments. Transfers made through the tax system are recognized as an expense.

Externally restricted inflows:

Externally restricted inflows are recognized as revenue in the period in which expenses are incurred for the purposes specified. Externally restricted inflows received before the expenses are incurred are reported as a liability.

l) ASSET RETIREMENT OBLIGATIONS

Asset retirement obligations reflect the legal obligations arising from the retirement of the municipality's tangible capital assets, and are recognized when:

- there is a legal obligation for the municipality to incur costs in relation to a specific tangible capital asset,
- there is a past transaction or event causing the liability that has occurred,
- when economic benefits will need to be given up to remediate the liability, and
- when a reasonable estimate of the liability can be made.

Tangible capital assets that are in use, no longer in use, or that are leased may all give rise to asset retirement obligations.

When a liability for an asset retirement obligation is initially recognized, a corresponding adjustment to the related tangible capital asset is also recognized. Through the passage of time in subsequent reporting periods, the carrying value of the liability is adjusted to reflect accretion expenses incurred in the current period. This expense ensures that the time value of money is considered when recognizing outstanding liabilities at each reporting date. The capitalized asset retirement cost within tangible capital assets is also simultaneously depreciated on the same basis as the underlying asset to which it relates.

At remediation, the municipality derecognizes the liability that was established. In some circumstances, gains or losses may be incurred upon settlement related to the ongoing measurement of the liability and corresponding estimates that were made and are recognized in the statement of operations.

m) MEASUREMENT UNCERTAINTY

Estimates are used to accrue revenues and expenses in circumstances where the actual accrued revenues are unknown at the time the financial statements are prepared. Uncertainty in the determination of the amount at which an item is recognized in the financial statements is known as measurement uncertainty. Such uncertainty exists when there is a variance between the recognized amount and another reasonable possible amount, as there is whenever estimates are used.

Measurement uncertainty in these financial statements exists in the estimate of asset retirement obligations, the accrual of the landfill closure and post closure liabilities. The liability associated with asset retirement obligations reflects the best estimates by management of the amount required to remediate such liabilities, the timing when such remediation will occur, and the estimated future cash flows associated with asset retirement discounted to the financial statement date. The accrual of the landfill liabilities is based on estimated future cash flows discounted to the financial statement date. The estimate of the future cash flows and the closure date of the landfill are based upon the best estimates by management. The actual future cash flows and timing of obligations may differ significantly from these estimates.

3. ACCOUNTS RECEIVABLE

Amounts receivable are valued at their net realizable value.

	2024	2023
	$	$
Tax assets *(schedule 10)*	**2,342,988**	2,455,287

Balance, end of year	**6,428,272**	8,671,550

a) Landfill Site

Legislation requires the municipality to conduct closure and post-closure care of solid waste landfill sites. Closure costs include final covering and landscaping of the landfill and implementation of drainage and gas management plans. Post closure care requirements include cap maintenance, groundwater monitoring, gas management system operations, inspections and annual reports.

The municipality operates a Class 1 landfill, with an estimated remaining capacity of 44.7% of the landfill's total estimated capacity of 2,060,000. The estimated remaining life of the landfill is 29 years. The period for post-closure care is estimated to be 25 years.

The estimated total liability of $6,428,272 (prior year 2023 - $8,671,550) is based on the sum of discounted future cash flows using a discount rate of 4.5%.

The municipality contracted during the year to obtain an updated plan for the landfill including an analysis of the final closure and post closure costs. The report has resulted in a change in the assumptions in respect to the closure and post closure costs.

b) Asbestos and lead paint

Legislation requires the municipality to appropriately handle and dispose of any material containing asbestos and lead paint when renovating or demolishing a municipal structure. The municipality currently does not own any buildigs that knownly contain asbestos.

9. LONG-TERM DEBT

			6,455,266	6,155,003

12. RETIREMENT BENEFITS

The majority of the employees of the City are members of the Municipal Employees' Pension Plan (MEPP), which is a multi-employer defined benefit pension plan. MEPP members will receive benefits based on 1.5% of their final average yearly Canada Pension Plan (CPP) earnings times years of service, plus 2% of their final average yearly non-CPP earnings times years of service. The costs of the retirement plan are not allocated to the individual entities within the related group. As a result, individual entities within the related group are not able to identify their share of the underlying assets and liabilities. Therefore, the plan is accounted for as a defined contribution plan in accordance with the requirements of the Chartered Professional Accountants of Canada Handbook section PS3250.

Pension assets consist of investment grade securities. Market and credit risk on these securities are managed by MEPP by placing plan assets in trust and through MEPP investment policy. The pension expense is based on the contribution rate. The MEPP required that employees contribute 8.3% of basic annual earnings up to the CPP ceiling plus 9.5% of basic annual earnings in excess of the CPP ceiling, plus an additional 0.1% of earnings below and in excess of the CPP ceiling from employees that are not members of the Municipal Disability Income Plan. The employers are required to match the employee contributions to the MEPP. Actual contributions to MEPP made during 2024 by the City on behalf of its employees amounted to $598,503 (2023 - $568,166) and are included in the statement of operations.

Subject to the following paragraph, any unfunded liabilities are to be funded by the participating employers. The most recent actuarial valuation as of December 31, 2023, indicated the plan was 111.4% funded on a going concern basis and had an unfunded solvency liability of $24.3 million. The solvency position of the plan is determined by comparing the plan assets to the actuarial present value of the benefits accrued in respect of credited service up to the valuation date, calculated as if the plan were wound up on December 31, 2023.

In 2010, the Government of Manitoba enacted a regulation which permits sponsors of public sector pension plans, including MEPP, to elect permanent exemption from solvency funding requirements subject to certain conditions stated in the regulation. MEPP has elected permanent exemption from solvency funding requirements. As a result, solvency funding is no longer required by MEPP.

13. FINANCIAL INSTRUMENTS

The City as part of its operations carries a number of financial instruments. It is management’s opinion the City is not exposed to significant interest, currency or credit risk arising from these financial instruments, except as otherwise disclosed. Unless otherwise noted, the fair value of these financial instruments approximates their carrying values.

14. BUDGET

The financial plan is prepared on a revenue and expenditure basis. For comparative purposes, the City has modified its financial plan to prepare a budget that is consistent with the scope and accounting principles used to report the actual results. The budget figures used in these financial statements have been approved by council.

The reconciliation between the financial plan and the budget figures used in these statements is disclosed in *Schedule 9* - Reconciliation of the Financial Plan to the Budget.

15. SEGMENTED INFORMATION

The City of Steinbach provides a wide ranges of services to its residents.

Segment information has been provided in *Schedule 4* for the following services:

- General Government
- Protective Services
- Transportation Services
- Environmental Health
- Public Health and Welfare Services
- Regional Planning and Development
- Resources Conservation and Industrial Development
- Recreation and Cultural Services
- Water and Sewer Services

Revenues and expenses represent amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. The accounting policies of the segments are consistent with those followed in the preparation of the financial statements as described in the summary of significant accounting policies.

16. ACCUMULATED SURPLUS

	2024	2023
	$	$
Accumulated surplus consists of the following:		
General Operating Fund - Nominal Deficit, excluding Tangible Capital Assets	**(8,273,415)**	(11,166,776)
Utility Operating Funds - Nominal Deficit, excluding Tangible Capital Assets	**(393,429)**	(430,104)
General Operating Tangible Capital Assets, net of related borrowings	**198,120,527**	170,238,086
Tangible Capital Assets, net of related borrowings	**87,453,711**	86,505,842
Deferred Revenue	**(361,099)**	(2,993,716)
Reserve Funds	**38,625,057**	44,342,706
Accumulated surplus of municipality unconsolidated	**315,171,352**	286,496,038
Accumulated surpluses of consolidated controlled entities	**2,372,625**	1,595,761
Accumulated Surplus per Statement of Financial Position	**317,543,977**	288,091,799

17. PUBLIC SECTOR COMPENSATION DISCLOSURE

It is a requirement of The *Public Sector Compensation Disclosure Act* that annual public disclosure be made of aggregate compensation paid to members of council, and of individual compensation in an amount in exceeding $85,000 annually to any member of council, officer or employee of the city. For the year ended December 31, 2024:

(a) Compensation paid to members of council amounted to $221,367 in aggregate;

(b) There were no members of council receiving compensation in excess of $85,000 individually, except as noted below. The breakdown of compensation and expenses paid to members of council are as follows:

Council Member	Compensation	Expenses	Total
Funk, Earl	60,663	15,758	76,421
Hiebert, Jacob	27,284	8,620	35,904
Hiebert, Wilhelm	28,183	8,810	36,993
Penner, Damian	24,900	6,139	31,039
Penner, Susan	23,708	2,408	26,116
Siemens, Waldo	27,682	8,410	36,092
Zwaagstra, Michael	28,947	7,406	36,353
	221,367	57,551	278,918

(c) The following individuals received compensation in excess of $85,000:

Name	Position	Amount
Bergen, Cody	Senior Building Inspector	90,339
Dyck, Russ	Manager, Parks & Recreation	107,658
Froese, Andrew	Waterworks Leadhand	86,289
Gaudet, Lacey	City Planner	101,746
Heppner, Mike	Manager, Waterworks	114,164
Hrehirchuk, Brian	Senior Manager, Finance	121,951
Lange, Lisa	Senior Manager, Human Resources & Payroll	115,021
Mehling, Russell	Engineering Technologist	94,108
Penner, Paul	Operations manager	149,309
Rach, Aaron	City Engineer	121,013
Reimer, Randy	Manager, Public Works	94,742
Roukema, Paul	Information Services Manager	94,626
Thiessen, Adam	Manager, Corporate Services	113,250
Towes, Kelvin F	Fire Chief & Emergency Coordinator	111,931
Wallman, Eldon	Manager, Solid Waste	85,382

Warkentin, Troy	City Manager	225,494

18. PUBLIC UTILITY BOARD

The Public Utilities Board (PUB) regulates the rates charged by all water and sewer utilities, except the City of Winnipeg utility and those utilities operated by the Manitoba Water Services Board. PUB has the authority to order any owner of a utility to adopt uniform and prescribed accounting policies. PUB's prescribed accounting policies on tangible capital assets and government transfers do not meet the recommendations of PSAB.

For information purposes, the City has deferred the capital grants and revenue from contributed infrastructure assets it has received since 2005 for its utility and amortized them over the useful life of the related tangible capital assets. Management of the City has determined it not to be reasonably cost effective to estimate this revenue prior to 2005.

No capital grants have been deferred and amortized in these financial statements.

Water Services: Description of Utility	Unamortized Opening Balance (Unaudited)	Additions During Year (Unaudited)	Amortization During Year (Unaudited)	Unamortized Ending Balance (Unaudited)
